

North Ealing Primary School

Personal, Social, Health Education and Citizenship Policy

Committee with oversight for this policy –	Curriculum and Standards
Policy last reviewed by the Curriculum Committee	Autumn 2020
Policy last ratified and adopted by Full Governing Body	N/A
Policy / Document due for review	Autumn 2024

Mission statement

At North Ealing we inspire and nurture all our children to become aspirational, lifelong learners through an inclusive, ambitious and engaging curriculum.

Statement of Intent

To provide a balanced and broadly based curriculum which:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at school and of society, and
- Prepares pupils at school for the opportunities, responsibilities and experiences of later life.

(Education Act 2002/Academies Act 2010)

The PSHE programme of study brings together citizenship with personal wellbeing through a values-based education. It is intended to support the school in developing a coherent whole school approach to PSHE and wellbeing.

What is PSHE?

'Personal, social and health education (PSHE) helps to give children and young people the knowledge, skills and understanding they need to lead confident, healthy and independent lives. It aims to help them understand how they are developing personally and socially, tackling many of the moral, social and cultural issues that are part of growing up. It offers learning opportunities across and beyond the curriculum, in specific lessons as well as in assemblies, circle time, special school projects and other activities that enrich pupils' experiences.' QCA

PSHE also provides the school with an opportunity to focus on the delivery of the social and emotional aspects of learning (SEAL).

What is Citizenship Education?

Citizenship education facilitates children in making their own decisions and taking responsibility for their own lives and their local and wider communities.

Rationale

Personal, Social and Health Education (PSHE) and citizenship provide pupils with self-esteem, positive self-awareness and confidence to:

- Stay as healthy as possible;
- Keep themselves and others safe;
- Have fulfilling and worthwhile experiences;
- Respect the differences between people;
- Develop independence and responsibility;
- Play an active role as members of the school and the wider community.

The Recovery Curriculum

Following the Covid 19 Pandemic and lockdown NES is committed to using aspects of a Recovery Curriculum-we will be adapting our school curriculum in line with concepts taken for the work around the 'Recovery Curriculum'. The proposal is to link these concepts to our NES Learning Values and Rights Respecting agenda. This is to support the pupil's wellbeing and reintegration to school life.

1. Aims

Our personal, social, health and economic education (PSHE) programme promotes children's personal, social, and economic development, as well as their physical and mental health and wellbeing. It helps to give children the knowledge, skills and understanding they need to lead confident, healthy, independent lives and to become informed, active, responsible citizens.

At North Ealing Primary School, children's wellbeing, happiness and safety are our first priority, and PSHE is the key vehicle through which we share this with children. We regard PSHE as an important, integral component of our curriculum; it is central to our approach and at the core of our ethos. Our PSHE curriculum is broad and balanced, ensuring that it:

- Promotes the spiritual, moral, cultural, mental and physical development of our children and of society;
- Prepares our children for the opportunities, responsibilities and experiences they already face and for adult life;
- Provides information about keeping healthy and safe, emotionally and physically;
- Encourages our children to understand how all actions have consequences and how they can make informed choices to help themselves, others and the environment.

Our PSHE curriculum is split into three main topics: Health and Wellbeing (taught in the autumn term), Living in the Wider World (taught in the spring term) and Relationships (taught in the summer term).

The Health and Wellbeing topic aims to ensure children: (see appendix 1)

- Know and understand what constitutes a healthy lifestyle.
- Know how to maintain physical, mental and emotional health and wellbeing.
- Know and understand how to use medicines safely
- Know and understand the difference between legal and illegal drugs
- Understand what constitutes a healthy friendship
- Are able to recognise different types of bullying and explain how to keep safe
- Are able to identify varying emotions in themselves and other are able to talk about and share these feelings
- Be aware of safety issues, including how to respond in an emergency
- Be positive and active members of a democratic society.

The Living in the Wider Worlds topic aims to ensure children: (see appendix 2)

- Know the importance of responsible behaviours and actions.
- Be responsible and independent members of the school community.
- Develop self-confidence and self-esteem and make informed choices regarding personal and social issues.
- Develop good relationships with other members of the school and the wider community.

- Know about where money comes from, keeping it safe and the importance of managing it effectively.
- Have a basic understanding of enterprise.
- Know how to keep themselves safe and who to talk to if they are worried or scared
- Challenge stereotypes in all forms
- Identify a range of emotions in themselves and others
- Explain how to keep safe online and how to be critical thinkers about online content

The Relationships topics aim to ensure children: (see appendix 3)

- Develop confidence in talking, listening and thinking about feelings and relationships;
- Know the correct vocabulary to describe themselves and their bodies;
- Are prepared for puberty and understand the basic changes that happen during puberty;
- Understand how to keep their bodies healthy and clean;
- Understand how to keep themselves and their bodies safe;
- Develop feeling of self-respect, confidence and empathy;
- Recognise healthy friendships;
- Are provided with a framework in which sensitive discussions can take place;
- Foster respect for the views of other people

2. Statutory requirements

PSHE is a non-statutory subject. However, there are aspects of it we are required to teach.

Schools are required to comply with relevant requirements of the Equality Act 2010. Further guidance is available for schools in The Equality Act 2010 and school's advice. The DfE guidance states that schools should pay particular attention to the Public sector equality duty (PSED)

Under the provisions of the Equality Act, schools must not unlawfully discriminate against pupils because of their age, sex, race, disability, religion or belief, gender reassignment, pregnancy or maternity, marriage or civil partnership, or sexual orientation (collectively known as the protected characteristics). Schools must also make reasonable adjustments to alleviate disadvantage and be mindful of the SEND Code of Practice when planning for these subjects.

We must teach relationships education under the Children and Social Work Act 2017, in line with the terms set out in statutory guidance. We must teach health education under the same statutory guidance. We must teach relationships and health education under the DfE statutory guidance

3. Content and delivery

3.1 What we teach

As stated above, we're required to cover the content for relationships and health education, as set out in the statutory guidance (linked to above).

Refer to our Relationships Education policy for details about what we teach, and how we decide on what to teach, in this subject. This policy can be accessed through our school website.

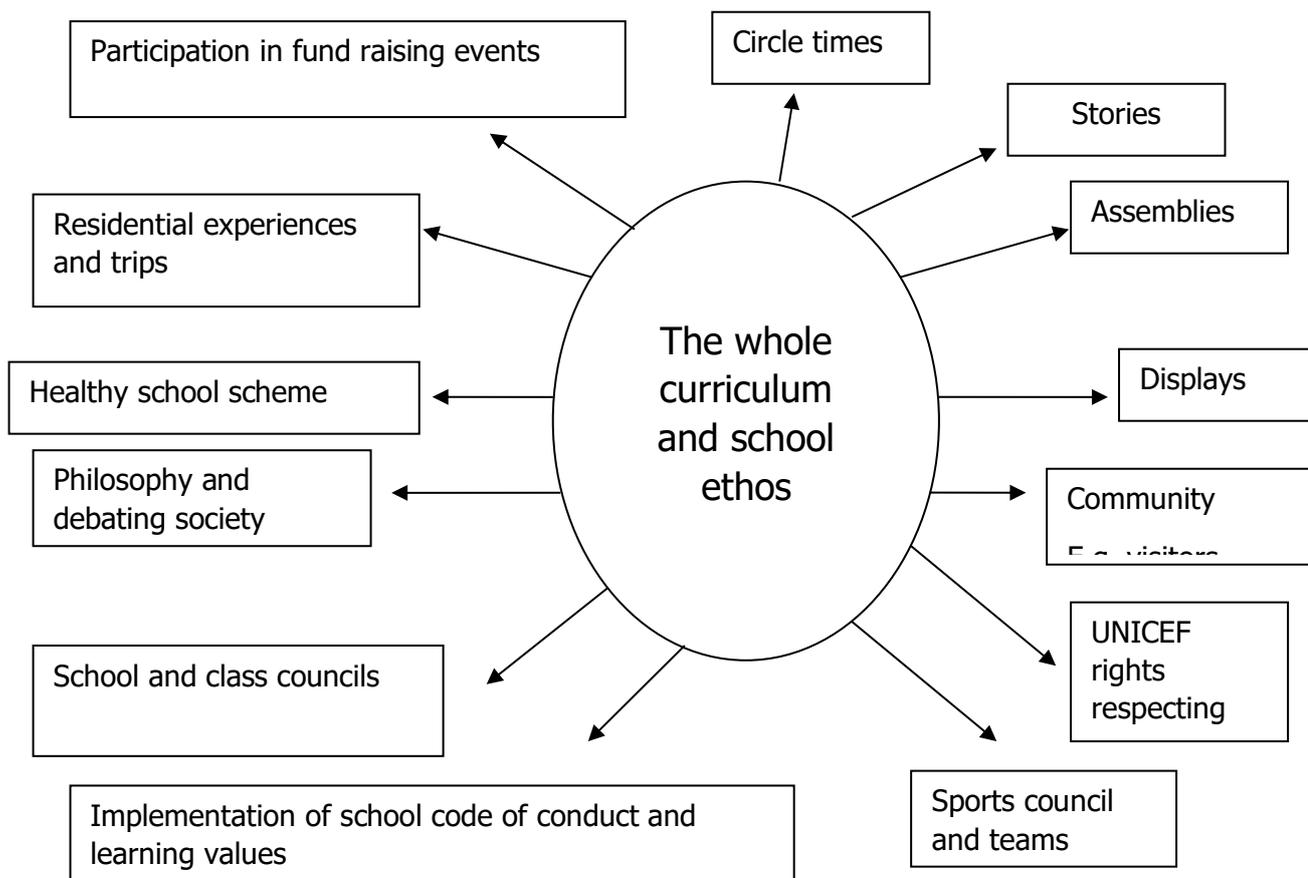

For other aspects of PSHE, including health education, see the appendix 1, 2 and 3 for a detailed overview of the topics and themes that are taught in each year group during each term.

3.2 How we teach it

PSHE forms an integral part of our school ethos and values. It permeates our entire school curriculum.

We use a range of teaching and learning styles with an emphasis on active learning by including the children in discussions, investigations and problem-solving activities. PSHE will be provided in a variety of ways, to reflect the age of the pupils and ensure a whole school approach to the subject:

- There will be a weekly PSHE lesson in every year group in order to develop themes and share ideas, e.g. circle time, discussion, group work.
- Opportunities will also be found within other curriculum areas, e.g. links with drama and role play, debate and discussion in literacy, working together in pairs or small groups, improving health in PE, environmental, health and drug issues in science and beliefs, values and practices

- In Assemblies, including the promotion of Citizenship.
- Throughout the school there will be acknowledgement of PSHE in every lesson, through the teachers and pupils' relationships with each other.
- Activities will be provided as group, class or school events and initiatives e.g.: community projects, school productions, assemblies for parents and friends, celebration assemblies and an annual residential trip for Year 6.
- At playtimes and lunchtimes opportunities exist for playing co-operatively using play equipment.

In the EYFS Curriculum, PSHE is related to the objectives set out in the Early Learning Goals matching the aim of developing a child's personal, emotional, and social development.

As a school we use the Ealing PSHE scheme of work to deliver PSHE. This scheme of work was last updated in March 2020 and meets all statutory requirements for health and relationships education. The Children and Social Care Act and the Equality Act also underpin this curriculum. The medium-term plans for PSHE can be found in appendix 1, 2 and 3.

PSHE specific lessons are timetabled to take place for an hour per week. PSHE will usually be delivered by a member of school staff, usually the child's class teacher. If an external visitor is delivering all or aspects of PSHE, parents will be informed.

North Ealing Primary School, believes that PSHE should meet the needs of all pupils. Our school is committed to the provision of PSHE to all pupils. All staff are expected to give every pupil the chance to experience, participate and achieve the understanding of PSHE. Equal time and provision will be allocated for all groups but there may be occasions where children with special educational needs (SEN) are given extra support.

The planning and organising of teaching strategies will be consistently reviewed e.g. through lesson observations to ensure that no pupil is disadvantaged

3.3 Assessment and monitoring

We assess children's work in PSHE by making informal judgements as we observe them during each PSHE lesson. We have clear expectations of what the pupils will know, understand and be able to do at the end of each academic year. The Ealing PSHE scheme of work has opportunities for baseline and end of topic assessments which enable teachers to assess prior knowledge as well as knowledge and understanding gained through lessons and topics.

The PSHE subject lead uses a range of evidence to monitor and assess the teaching of PSHE across the school. This demonstrates what the expected end of year outcomes are in PSHE for each year group. We also talk to pupils regularly to find out what they are learning and how they respond to PSHE. Our Celebration Assembly celebrates personal achievement and rewards thoughtful, caring behaviour.

Monitoring of the standards of children's work and of the quality of teaching in PSHE is the responsibility of the PSHE subject leader. The work of the PSHE subject leader also involves supporting colleagues in the teaching of PSHE, being informed about current developments in the subject, and providing a strategic lead and direction for the subject in the school.

Staff are encouraged to attend relevant courses and keep abreast of current and evolving practice and legislation.

4. Roles and responsibilities

4.1 The governing board

The Curriculum and standards committee are presented with the PSHE policy and hold the Head Teacher to account for its implementation.

4.2 The Head Teacher

The Head Teacher is responsible for ensuring that PSHE is taught consistently across the school.

4.3 Staff

Staff are responsible for:

- Delivering PSHE in a sensitive way
- Modelling positive attitudes to PSHE
- Monitoring progress

➤ Responding to the needs of individual pupils

4.4 Pupils

Pupils are expected to engage fully in PSHE and, when discussing issues related to PSHE, treat others with respect and sensitivity.

5. Monitoring arrangements

The delivery of PSHE is monitored by the PSHE lead through: planning scrutiny, learning walks, book looks and pupil conferencing sessions.

This policy will be reviewed by every 2 years. At every review, the policy will be approved by the Head Teacher.

6. Links with other policies

This policy links to the following policies and procedures (delete/add as appropriate):

- Safeguarding policy
- Online safety policy
- Drugs, alcohol and tobacco education policy
- Relationships Education policy
- Special Educational needs policy.
- Anti-bullying policy
- Equality policy
